Just in Time for
Christmas Giving!
(Sales expire 12/27/81)

Save \$60

Reg. 229.95 **169⁹⁵**

The perfect gift for the businessman or student on the go. More powerful than any programmable calculator, yet it's actually easier to use. Add a sale-priced cassette interface and load our library of ready-to-run programs to solve problems in business, engineering, real estate, and more. Or write your own programs in easy to learn BASIC language. Programs and data are retained even when the power is off. Less than 7" long, the Pocket Computer features a big 24-character alphanumeric display, 15 arithmetic functions, 10-digit accuracy, typewriter style keyboard, and more. Includes long-life batteries, carrying case, quick reference card, and owner's manual.

Opens for Easy Access to Paper Path

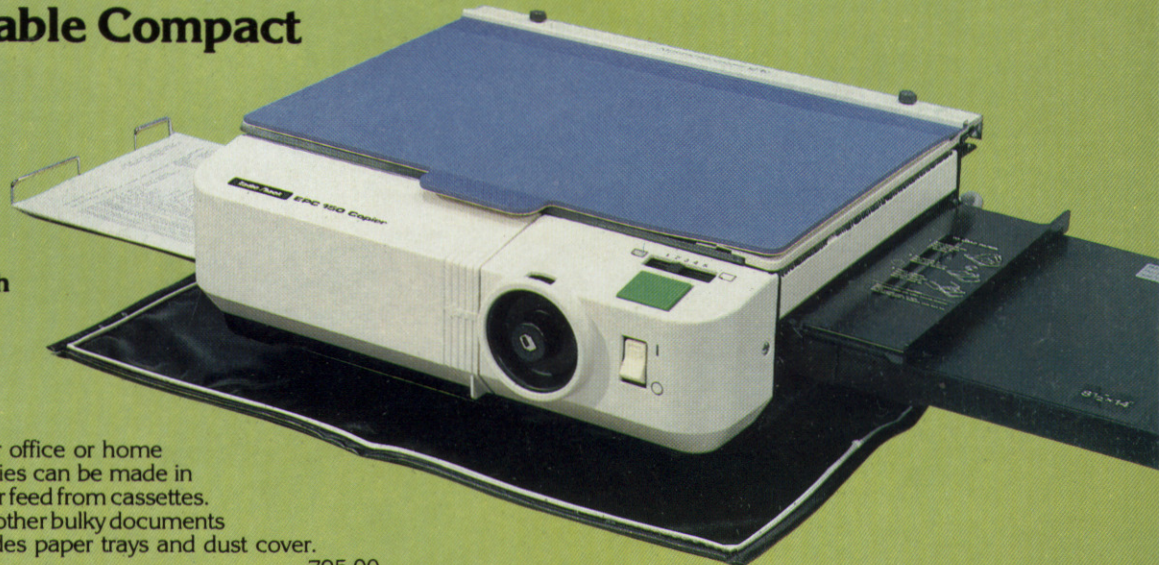

Radio Shack PPC-200. Now your office can get thousands of clear, sharp copies a month—from a copier that's only 12½x19½x17". Put one by your desk and you'll never have to wait in line to use your department's "big copier." Make letter (8½x11") or legal (8½x14") size copies—on ordinary bond paper—from flat documents or books. If multiple copies are being made, a special interrupt feature lets you copy a second document, then return to

the original run without losing count. Features touch-sensitive control console with audible signals, digital copy counter with automatic memory reset, variable exposure control, out-of-paper and jam indicators. Includes letter and legal size paper trays, vinyl dust cover. (U.L. listed. 80-2050 2495.00
