RELEASE NO.: RS-83-154

SUBJECT: AgriStar

FOR IMMEDIATE RELEASE

Radio Shack announces AgriStar - unique new information database service
for farm and agribusiness professionals.

Radio Shack, a division of Tandy Corporation, now offers AgriStar, a unique information service for professional farmers, ranchers, agricultural extension specialists, farm managers and agribusiness. Radio Shack has been named exclusive electronic retail distributor for this service under terms of an agreement with AgriData Resources, Inc., the Milwaukee-based business publishing subsidiary of Raintree Publishers, Inc.

AgriStar will provide any modem-equipped Radio Shack TRS-80® Model III or Model II computer with a complete range of information services related to agricultural marketing, finance, news, weather, general business and production technology, communications electronic mail and on-line timesharing of farm management models. AgriStar can also be used with Radio Shack's low-cost DT-1 Video Data Terminal, as well as other similar systems.

Commodity News Service (CNS), a subsidiary of Knight-Ridder newspapers, will act as a major information provider to the AgriStar system. In addition to

(MORE)

CNS, AgriData Resources has also included information agreements with several major ag industry publishers, meteorological services, commodity brokerage houses and selected agricultural corporations, associations and colleges. Market analysis and recommendations from a range of economists and analysts including the AgriData staff will be available in AgriStar.

The Agristar software is designed to provide the ultimate in convenience for the user. With the touch of just a single key, the TRS-80 system will transmit all of the data required to obtain the desired information. When used with Radio Shack's Direct-Connect Modem II, a TRS-80 system can even dial up the AgriStar service automatically.

Radio Shack's AgriStar package includes an AgriStar user's manual, plus a registration card that enrolls the purchaser for 6 months of the following support services: AgriStar systems indexes (mailed quarterly), AgriStar Review Newsletter, the AgriData Network Audio System (a 24-hour/day telephone voice service) and a 24-hour/day toll-free User Support telephone service.

AgriStar (26-2227) documentation and 6 months of support services (not including connect time or information source fees) is available for \$199.95 at Radio Shack Computer Centers, Radio Shack stores and participating.
