FOR IMMEDIATE RELEASE

Radio Shack announces new Business Graphics Analysis Pak for the TRS-80®
Model III Desktop Business Computer.

Radio Shack, a division of Tandy Corporation, now offers corporate planners, and analysts, managers and small businessmen a way to generate business graphics including pie, bar, line and scatter charts using the TRS-80® Model III Desktop Business Computer with two disks. The new Business Graphics Analysis Pak (26-1597) will be available in November, 1982 for \$174.95 at Radio Shack Computer Centers and participating Radio Shack stores and dealers.

The Business Graphics Analysis Pak makes it possible to create a variety of graphs by selecting the desired type and size of chart and entering the data from the keyboard or from disk files - including VisiCalc®. Features include easy data manipulation and text editing plus options for chart size, shape and format; scale range adjusting; shading, framing more.

Charts can be produced on selected Radio Shack printers and on the multi-pen plotter. Color transparencies can be made using the multi-pen plotter as well.
