

TANDY 1000... Clearly Superior™

We've put it all together: you get more advanced features at substantial savings...PLUS our exclusive 6-in-1 DeskMate® software at no extra charge!

Tandy 1000 Packs Everything You Need into One Package, Including Software

In price and performance, it's only natural to compare the Tandy 1000 with IBM's PC. Since the Tandy 1000 is PC compatible, both computers let you choose from an astounding collection of popular MS-DOS programs.

Buying an IBM PC, however, is like getting only half a machine. You'll also need to purchase adapters to use a monitor, printer, joysticks, and light pen. The Tandy 1000 includes these adapters, as well as such "extras" as a disk operating system and BASIC.

Get the DeskMate® Advantage

Unlike IBM's PC, every Tandy 1000 also comes with applications software. We call it DeskMate, and it's word processing, spreadsheet analysis, electronic filing, telecommunications, a calendar and electronic mail all on one disk. It's your first step in software . . . and it's included with every Tandy 1000.

Packed with the Features You Demand

The Tandy 1000 also comes with 128K RAM, expandable to 640K. Monochrome and color graphics adapters are built right in for easy hookup to a monitor—and you can even connect the Tandy 1000 to any color TV*. We offer both high-resolution monochrome and color monitors, plus a budget-priced color monitor. There's also a three-voice sound circuit, plus a built-in speaker for sophisticated sound and music generation. And it's easy to expand with user-installable expansion boards.

Enormous Software Selection

Whatever your needs, the Tandy 1000 is the personal computer for you. That's because the Tandy 1000 has one of the widest selections of software available—spreadsheet, word processing, integrated applications, home education and entertainment.

10-Megabyte Tandy 1000 HD

Now you can also get a high-capacity business computer at a lower price than you ever dreamed. The Tandy 1000 HD (25-1001) comes with 256K memory and a built-in ten-megabyte hard disk drive. That's 10 million characters of fast-access storage for data base processing, inventory control, accounting and payroll—any of the big jobs.

Tandy...Clearly Superior

DeskMate software, easy user expansion and superb graphics, and IBM PC hardware and software compatibility make the Tandy 1000 clearly superior. Ask for a demonstration at your local Radio Shack Computer Center or participating store or dealer.

*Requires optional RF modulator. Supports 40-column video only.

Every Tandy 1000 Comes with DeskMate®... Your First Step in Ready-to-Run Software

for Easy Quick Reference

TEXT. Word processing made simple. Control-key editing features make it easy to compose and edit letters, memos and reports right on the screen. Then print as many correction-free copies as you wish with an optional printer.

WORKSHEET. This electronic spreadsheet uses simple "plain English" entries to make complex calculations instantly. View countless "What if...?" situations in seconds. You can print all or a portion of your spreadsheet. It's perfect for everything from personal finance to marketing.

FILER. Create a name-and-address file, small inventory list and more. Simple commands let you create and find files easily. You can sort files by one or more fields and print your files in any order you wish.

TELECOM. By adding a telephone modem, DeskMate lets you communicate with a host computer, information service or another terminal. Information you receive can be printed or stored on

diskette for later reference. You can also send files to other computers. TELECOM will even dial the phone number of anyone listed in the FILER program—at the touch of a key.

CALENDAR. Set up an agenda for a month, as well as your daily appointment calendar. Finding, adding, and deleting events is easy. And you can also place important events in an alarm file. Then, at the appropriate time, the Tandy 1000's built-in speaker will remind you of those appointments.

MAIL. This program lets you send and receive messages to and from other DeskMate systems, using an optional telephone modem.

Your Tandy 1000 and DeskMate software come with a thorough, easy-to-understand tutorial manual, a reference and quick-reference guide. DeskMate—it's your first step in computing!

Choose from the Most Popular Software

Since the Tandy 1000 is compatible with the IBM PC, there are thousands of programs currently available, and the list is growing every day. Many powerful MS-DOS software packages are available off-the-shelf at Radio Shack Computer Centers. Plus, you can order some of the hottest names in software from our exclusive Express Order Software service.

Put your Tandy 1000 to work with our Quartet™ Integrated Accounting system—four programs in one. Do complex spreadsheet analysis with Multiplan. Or pick the best-selling Lotus 1-2-3 integrated package that combines spreadsheet, graphics, and information management. There's also the popular *pfs*: family of interactive programs, for applications like electronic filing, spreadsheet, word processing, graphics and tabular reports. The *pfs*: programs can be used separately or together.

graphics and tabular reports. The *pfs*: programs can be used separately or together.

Need powerful database management? Choose from Cornerstone, Friday! dBASE II, or dBASE III. Advanced word processing? Pick SCRIPSIT®, WordStar or Microsoft Word. Produce impressive graphs and charts with DR Graph.

We also carry a wide selection of low-cost personal software. Choose from simple word processing and personal finance programs to exciting games and entertaining education packages.

The Tandy 1000 truly is your key to great software—whatever your business or personal needs. Tandy 1000 is clearly superior!

Tandy Computers are Backed With Total Support From The World's Largest Computer Retailer: Radio Shack

You'll find everything you need at your nearby Radio Shack Computer Center—"off the shelf" software, printers, custom forms, accessories and even furniture. And that's just part of the story.

Professional Training. Radio Shack offers training and support that is unequalled in the industry. Letting us teach you about your computer system shortens and smoothes that period of "becoming compatible with each other." You can select from a wide variety of courses taught at over 430 Computer Centers. On-site computer instruction with training tailored to your specific needs is available from our Customer Training and Support Centers located in 60 major metropolitan areas.

Support Services. Radio Shack provides more support options at less cost (much of it free of charge, in fact) than any other microcomputer company. Over 500 support specialists are your "on-demand" experts. Nationwide, 60 support operations, plus our

Fort Worth-based customer support operation, ensure that help is available to you where and when you need it. Ask for our Customer Support brochure which details the various support services available, as well as the locations and telephone "hotline" numbers of each support office.

Nationwide Service. 188 strategically located company-owned Radio Shack Computer Service Centers assure convenient service nationwide—performed by employees of the same company that manufactured and sold you your computer. We back the products we sell.

Commercial Leasing. Your business may lease computer systems on a 37-month lease. And since ours is a true lease, payments may be fully tax deductible as a business expense. We can provide leasing terms to non-profit, governmental and educational organizations, too. Get complete details at any Radio Shack Computer Center.
