RADIO SHACK ADDS LASER PRINTER, TWO DOT MATRIX PRINTERS TO LINE

NEW YORK CITY--Radio Shack® announced today three significant additions to its high-quality printer line with the introduction of the low-cost, full function Tandy® LP 1000 laser printer. Also announced were the DMP 2120, a 24-wire, "zero tear" dot matrix printer with color option; and the DMP 440, a high speed dot matrix printer, both capable of accepting downloaded fonts.

The Tandy LP 1000 printer is a compact, ready-to-use laser printer capable of producing full-page graphics at a speed of six pages per minute with a resolution of 300 x 300 dots per inch. Used with Tandy's 3000 family or 4000 personal computer, the LP 1000 completes an excellent, low-cost desktop publishing system.

Ideal for typeset-quality documents and offices in which noise levels are a consideration, the LP 1000 laser printer contains 1.5 megabytes (Mb) of memory and emulates the Tandy® DMP 2110 dot matrix printer, HP® LaserJet Plus®, IBM® Proprinter and IBM Wheelprinter. A 150-sheet tray will accept up to 20-pound bonded letter, legal and half-letter size paper.

Tandy Printers--ADD ONE

Emulation, paper size, font and print orientation options may be selected from the front panel eliminating the need for internal switches.

The Tandy LP 1000 laser printer includes four resident fonts (Letter Gothic 12, Letter Gothic 16.7, Prestige Elite 12 and Courier 10) and will accept two downloadable software fonts. The optional Tandy Custom Font System may be used to download additional software fonts in the DMP 2110 emulation.

A standard parallel printer interface is included to allow immediate connection to any computer. A video interface is also included to allow the use of an optional controller that contains a page description language to fit individual needs.

The unit is rated at 3,000 sheets per month average, with a drum life of 20,000 sheets. Maintenance can be performed by the user utilizing maintenance kits and toner available through Radio Shack.

The Tandy LP 1000 (Cat. No. 26-2804) laser printer weighs 37.5 pounds and represents an outstanding value at \$2,199.

Tandy Printers--ADD TWO

The high-speed Tandy® DMP 2120 dot matrix printer utilizes a 24-wire print head with a print speed of up to 240 characters per second. It emulates both the Tandy character set and IBM PC Graphics Printer. The printer has graphics capability in addition to word processing and data processing modes with standard fonts of 10, 12 and 16.7 characters per inch, as well as proportional and elongated. Tandy's Custom Font System may also be used with this unit. An LCD panel allows the user to select fonts, character sets and type styles without the need for internal switches.

Customers requiring a "zero tear" unit for handling forms will find the built-in push-type tractor a welcome feature. Capable of handling an original plus two copies, the Tandy DMP 2120 printer will accept paper up to 15 inches wide.

For those wanting to add color to their documents, an optional four-color ribbon is available and is rated at three million characters per color. A standard black ribbon is included with the unit and is rated at 15 million characters.

Suggested retail price for the Tandy DMP 2120 dot matrix printer (Cat. No. 26-2811) is \$1,599. It contains a standard parallel interface, weighs 42 pounds and measures 5 7/8 x 21 11/16 x 15 inches.

Tandy Printers--ADD THREE

An enhancement of the Tandy® DMP 430 dot matrix printer, the Tandy® DMP 440 printer offers superior speed and quality at an affordable price. This nine-wire printer produces bit-image graphics and will accept one-, two- or three-part forms up to 15 inches wide and prints up to 300 characters per inch (cpi).

Standard fonts are 10, 12 or 16.7 characters per inch in addition to elongated, elite, condensed and super/subscript. Additional fonts can be downloaded using the optional Tandy Custom Font System.

This low profile printer measures 3 1/16 x 15 3/8 x 9 7/16 and weighs 17 5/8 pounds.

With a suggested retail price of \$699, the Tandy DMP 440 (Cat. No. 26-2808) includes parallel and Color Computer-compatible serial interfaces, a built-in adjustable tractor and automatic single-sheet positioning. It emulates the Tandy character set and the IBM PC Graphics Printer.

Prices are good at Radio Shack stores, Radio Shack Computer Centers®, Radio Shack Plus Computer Centers™ and participating dealers nationwide.
