

Tandy® Computers: The broadest line of PCs in America.

The Tandy® 1000 SL

**Built-in MS-DOS®
and DeskMate®
for the ultimate
in ease of use.**

Now you can be up and running your favorite programs in seconds! The Tandy 1000 SL features MS-DOS and DeskMate in ROM, so you can move quickly from start-up to popular MS-DOS programs, or go directly into our exclusive DeskMate multi-applications software.

With DeskMate built in, you're ready to start computing with ten popular applications to write letters, prepare budgets, file information and even draw colorful pictures. There's also a spell checker, address book, Hangman word game and PC-LinkSM on-line information service. And as an added bonus, with the Tandy 1000 SL there's a new Music program as well as a sound editor program that lets you record and edit music, voice or other sound effects onto your 5 1/4" diskettes.

Featuring the latest in computer-audio technology, the Tandy 1000 SL can deliver outstanding sound and speech capabilities which will generate new life into programs and introduce you to a whole new dimension in "ease of use" in personal computing.

The new generation Tandy 1000 SL. From the best-selling family of PC Compatibles made in America.

Tandy® Computers: Because there is no better value.TM

Tandy 1000 SL Features:

8086 Microprocessor

The Tandy 1000 SL (25-1401) features an 8/4 MHz 8086 microprocessor for high-speed, high-performance computing. Information is processed with a clock speed of 8MHz through a 16-bit memory data bus for far greater performance than ordinary PCs. With the Tandy 1000 SL, you'll fly through your applications.

Built-In MS-DOS

The Tandy 1000 SL includes Microsoft's MS-DOS 3.3 software built into ROM that loads automatically in just seconds—just switch it on, insert your program diskette and go! It's the ultimate in ease of use for first time users, the ultimate in time-saving convenience for experienced users, and it's ideal for use in classroom situations. MS-DOS 3.3 gives you access to the most powerful and proven software packages on the market today. Choose from the best names in business, entertainment and educational programs.

Built-In DeskMate

Every Tandy 1000 SL includes our popular DeskMate program. DeskMate gives you ten applications in one program. And with the special task-switching feature, you can exit DeskMate, enter another applications program, then return to DeskMate—all with just a few keystrokes. Begin computing right away with Text Processing, Worksheet, Electronic Filing, Draw, Music, Spell Checker, Hangman, PC-Link, Calendar/Alarm and more. As a bonus, with the Tandy 1000 SL there's a new music program and sound editor program for added enjoyment. Everyday you'll be greeted by a Desktop that displays a calendar, appointment schedule or whatever application that you want to include on the Desktop.

Sound and Speech Capabilities

The Tandy 1000 SL with its sophisticated sound-reproduction system will generate new life into programs. An 8-bit DMA driven, analog-to-digital convertor (ADC) and an 8-bit DMA driven, digital-to-analog convertor (DAC) gives the Tandy 1000 SL amazing sound and speech capability. When used with DeskMate's sound editor and an optional microphone, you will be able to record, edit and play back sound effects from a variety of sources—a TV, a stereo, your voice—then save them onto your personal diskettes for playback at a later time. There's also a built-in headphone jack with volume control for private listening to your recording.

Easily Expandable

The Tandy 1000 SL comes with 384K RAM, expandable to 640K on the main board. The SL comes with one built-in 5¼" disk drive, and you can add a second internal disk drive (5¼" or 3½") for complete flexibility. And with five PC-

compatible card slots, it's easy to expand the system to fit your needs. Expansion boards are user installable, and you can choose from internal modems, 20- or 40-megabyte hard disk cards, or add an additional card for connecting the 1000 SL to a 3Com® or TandyLink™ Workgroup. The built-in video support includes monochrome text, Hercules™ monochrome graphics, and CGA color graphics with enhancements.

Comes With the "Extras"

With the Tandy 1000 SL, all the "options" you're accustomed to are also included. Adapters for easy hookup to a monochrome or color monitor, for connecting a printer, adding two joysticks—even a built-in RS-232 serial port, perfect for adding a mouse—are all standard.

Tandy 1000 SL Specifications

Microprocessor:	8086. Optional Math Coprocessor.
Clock Speed:	8/4 MHz, software selectable.
Operating System:	Includes Microsoft MS-DOS 3.3 (in ROM) and GW-BASIC software.
Memory:	384K RAM, expandable to 640K. EMS memory available through optional expansion boards. Includes 512K ROM and 1024 bits EEPROM for system configuration.
Keyboard:	101-key Enhanced keyboard with tactile feedback. Twelve programmable Function keys. Retractable legs. Four-foot coiled cable.
On Board Video Support:	Text: MDA or CGA compatible, 80 or 40 characters per line by 25 lines. Graphics: Hercules monochrome (720 x 348 pixels). CGA compatible with enhancements, (640 x 200 pixels, 16-color and 4-color, 320 x 200, 16 color).
Included Software:	DeskMate Ver. 03.00.00 which includes the following applications: Text, Calendar, Address Book, Draw, Worksheet, PC-Link™, Hangman, Telecom, Filer, Form Setup and three Help tutorials. Plus as an added bonus: Music and Sound Editor.
Display Options:	Monochrome: High-resolution monitor (VM-5, green). Color: 13" RGB Color Monitor (CM-5 or CM-11).
Sound:	Built-in, 8-bit, DMA-driven ADC/DAC for sound and speech generation, including internal speaker, 1/8" external stereo headphone jack with volume control and 1/8" microphone/audio input jack.
Disk Drives:	One double-sided, double-density 5¼" 360K formatted floppy disk drive. Expandable to support a second floppy drive (3½" or 5¼") and one hard disk card.
Internal Expansion:	Five 10" IBM® PC Bus-compatible (8-bit) card slots. User accessible.
External Expansion:	Parallel printer port, RS-232 serial port (9-pin male), two joystick ports, 1/8" Mic in/audio in and 1/8" stereo headphone out.
Internal Clock:	Optional SmartWatch (25-1033).
Dimensions (H X W X D):	5 7/10 x 15 1/2 x 13 1/10".
Shipping Weight:	33 lbs.
Power Supply:	Input: 120 VAC, 50/60 Hz. Output: 67 Watts. UL listed.
Certification:	FCC Class B.
