

Finally...

... a personal computer for the family that's so easy to use, it guarantees success.

THE NEW
TANDY 1000 RL

Plan meals, keep a diary, schedule your activities

Balance your check book, plan trips, organize your collectibles

Presenting a PC with solutions for *your* family's busy lifestyle! The Tandy 1000 RL saves time by organizing vital everyday information and placing it at your fingertips. It's so easy—just point and click and you're on your way! Make grocery lists, plan meals and even select recipes taken from the *The New Good Housekeeping Cookbook*®. Create investment plans and track savings goals for your children's education. Leave family messages on the "bulletin board"—even leave important numbers for the sitter. The possibilities are endless—but whatever the task, the RL's DeskMate® Home Organizer software handles the details for you. And because the Tandy 1000 RL is PC-compatible, you can also use thousands of popular business, home education and entertainment programs. Ready-to-run systems start at under \$750*. So bring home the easiest-to-use home computer ever . . . from America's leader in PC compatibles.

CREATING NEW STANDARDS: SUCCESS GUARANTEED!

The Tandy 1000 RL personal computer has 24 DeskMate and DeskMate Home Organizer applications built in. All are specially designed to insure that you can readily use them. If you need help, our personnel have been specially trained, our stores have a new phone help system and we've organized area tutoring sessions. You can even equip your RL with a modem for help on the PC-Link online service. Come in today! We guarantee success. NOBODY COMPARES!
